

By-Laws Proposed, Tabled At Senate Meeting Tuesday

The proposed By-Laws of the Student Government student senate rules were submitted to the senate and were tabled at the SG meeting Tuesday night.

The members who constituted the by-laws committee are Tom Rhodes, senior, Tom Gallien, junior, Pat Taylor, sophomore, and Sherry Tate, sophomore.

The section of the proposed by-laws as read at the meeting concerning the officers of SG reads "The president of the Student shall be speaker of the Senate and shall take the Chair on every meeting, and on the appearance of quorum cause the minutes of the previous meeting to be read, having previously examined and approved same. During the absence

of the Speaker, the Senate shall be presided over by the Vice-President, who shall be the President pro tempore.

The Secretary of Affairs of the Student Government shall be the Clerk of the Senate and shall be responsible for keeping an accurate record of the minutes and shall number, record, and read all bills.

Article II of the by-laws stated "There shall be the following committees of the Senate appointed by the President not later than the second meeting: 'On Rules--to consist of the President, who shall be ex-officio member and Chairman of the Committee; the President pro-tempore who shall be a member, and vice-chairman; and three members of the Senate, on Appropriations--Secretary of Finance, who shall be ex-officio member and Chairman of the Committee, on Constitution and Appointment on Administration-- Student Relations, and on Student Activities.'

This article also stated "Special committees shall be appointed as deemed necessary. The first member named on a committee shall be its Chairman and the second member named shall be its vice-chairman unless otherwise provided. The chairman of each committee shall present to the Clerk a typewritten report of meeting and procedures. The Rules committee may report at any time.

Article III and Article IV said that a quorum shall consist of a simple majority of the Senate.

The regular order of business shall be a call of order, invocation, roll call, reading of minutes, report of committees, other committees and adjournment. The order of business shall not be changed except by two-thirds vote of those present and voting, and all questions relating to the priority shall be decided without debate.

"All such matters regarding the meetings of the Senate shall be as provided for by the Constitution," is Article V of the proposed laws.

The methods proposed in the by-laws to be used concerning bills is explained in Article VI. It states "All bills shall be typed and placed in the hands of the Clerk prior to the meetings. Upon receiving the proposals the Clerk of the Senate shall place them on the calendar to be read by the title only on call of the Speaker. The bills shall then be sent to the proper committee."

After consideration by the committee the bill shall then be returned to the Clerk no less than two days prior to the meeting with committee action specified and placed on the calendar in its entirety as reported from the committee. A printed copy of each bill shall be presented to each member at the time of reading. The Clerk shall be responsible for the printing of these bills.

No appropriation bill shall be passed by the Senate which does not fix definitely the maximum sum thereby authorized to be drawn from the treasury. No bill passed to make appro-

priations shall continue in force more than three months after the end of the regular school year.

In the proposed laws in the section on attendance, it reads "Unless otherwise provided by law no member of the Senate shall be allowed to retain his seat after two unexcused absences. All absences which are to be excused must be filed with the Clerk within a week after the last absence. The Speaker shall have the power to determine the validity of all excuses, but a member shall have the right of appeal to a majority of the Senate.

Article VIII of the by-laws stated, "When any member of the Senate desires to speak, he shall rise and address the Chair as 'Mr. President,' and shall not speak until recognized by the Chair. While the floor is held by the Chair, no member shall leave the Senate nor entertain private discussion. When two or more members rise at once, the Speaker shall name who is to speak first and the other shall be allowed to speak immediately thereafter if applicable."

Included in the section entitled "general" it read "If it be the desire of 1/5 of the members present, the actual tally of yeas and nays, and abstentions shall be recorded on any motion. A Senator must be a member of the organization which he represents. When any Senate seat is vacated a new election must be held within two weeks after the seat is declared vacant. The President with 2/3 approval may suspend any rules of the Senate."

It also stated that the by-laws may be amended by a 2/3 vote of the Senate.

These by-laws will be considered and possibly amended in the near future, Mr. Rhodes stated.

Students Selected For Scholarships

Alumni scholarships have been awarded to three students here, according to Lloyd King, chemistry professor.

Sophomores Sandra Sherrill, Jerry Harris and Barbara Knight each received a \$500 scholarship for this year.

These students were among 12 on this campus who qualified. In order to be eligible, they had to have received an Alumni scholarship in the past three years and have a "B" average.

Ten students on the Knoxville campus received the Alumni Scholarship.

Caravan Of Stars Scheduled Nov. 15

Dick Clark Caravan of Stars has signed a contract to appear on campus November 15, Sam Nailing, entertainment chairman, announced Wednesday.

The "We Five" and "Bo Diddley" along with two other entertainers will present the program.

Tickets will be on sale in about two weeks, and there will be more information then, Mr. Nailing said.

Expansions Planned For Now And Future Here On Campus

Recent and coming expansions on campus have recently been announced by Dr. Paul Meek, vice-president of The University of Tennessee in charge of the Martin Branch.

Completed this week was the A section of the new dormitory complex south of the Main Women's Dorm. This section is presently being occupied by women students.

Now under construction are the C and D sections of the complex. The \$1,800,000 building will house 528, and will be ready for occupancy by men in the fall of 1966. It is located east of the A section.

Construction on the B section of the complex will begin in the summer of 1966. The proposed \$950,000 building is scheduled to be completed in the fall of 1967.

Work will begin around the first of the year on a new university library. It will be completed during the 1966-1967 school year. After the new library is completed, \$55,000 will be used to remodel the existing library into classrooms.

Under present construction is a \$1,500,000 Student Center and Cafeteria which will be completed by the fall quarter of 1966.

Advance plans and architectural services for an Academic building and a Fine Arts building to be built in the future will begin soon.

To be completed on campus in 1967 are steam and water lines, walks, drives, and drainage facilities.

Freda Neal, Sandra Sherrill Named Volette Co-editors

Freda Neal (sitting) and Sandra Sherrill discuss copy for The Volette of which they will be co-editors next quarter.

Co-editors of The Volette for winter and spring quarters of 1965-66 and the 1966-67 school year will be Freda Neal and Sandra Sherrill, announced Carl Giles, advisor to the school newspaper.

Miss Neal, a junior in business administration from Humboldt, was editor of The Rambler, the Humboldt High School newspaper. She has been a member of The Volette staff for two and a half years.

Miss Sherrill, a sophomore majoring in journalism from Millington, has been a columnist for the Millington Star, city paper. She has worked as a staff member for the Volette

Homecoming Float Entries Have Deadline Of Oct. 19

Campus organizations wishing to enter a float in the homecoming parade on October 23 must register their float on or before October 19, and must conform to official rules of the contest.

Three Were Elected To Fill SG Offices

Three students were elected to offices in the Student Government meeting Tuesday night.

To be eligible for these positions, a student must be a non-member of the Senate and be elected by the Senate.

Elected as sergeant-at-arms is Ken Pitts; Sandy Smith will serve as chaplain, and Edgar Pascall will fill the position of parliamentarian.

Mr. Pitts will be responsible for preparing the meeting place of the Senate, and for such papers that are used while the Senate is in session, and shall have control over the door to the Senate Chambers.

Mr. Pitts is a junior in business administration from Millington.

Leading the Senate in prayer after the call of order is the responsibility of Mr. Smith, chaplain.

Mr. Smith is a junior from Ashville, North Carolina, majoring in secondary education.

Elected as parliamentarian, Mr. Pascall will advise the chair or any member of the Senate on points of parliamentary procedure and interpret these rules should it be necessary.

Mr. Pascall, a junior in agriculture, is from Puryear.

Any organization on campus with representation on the Student Senate is eligible to enter either division. In addition, any individual student who wishes to enter the decorated car division may do so.

Trophies will be awarded to the first, second and third place winners in each division.

Judging criteria will be based on originality of theme and the manner in which it is carried out. Cars decorated with only crepe paper streamers will be ineligible for contest awards.

Float and car themes must emphasize either the homecoming of graduates or the football game between The University of Tennessee Martin Branch and Bradley University.

Bradley is located in Peoria, Illinois. The team nickname is the Braves and the school's colors are red and white.

Registration on Homecoming Day for all entries will take place behind the Old Science Building. The parade assembly point will be in the vicinity of the T-Room.

Floats and cars should begin assembling at 10 a.m. in order that the parade may start promptly at 11 a.m.

All float entries must conform to the following specifications of construction:

Self-propelled vehicles -- any truck bed 12' x 12', or a jeep with a float design conforming to the same dimensions.

Pulled vehicles -- any non-powered vehicle 12' in length or 6' wide or over.

All vehicles or floats must not exceed 13' in height from street level.

Nelson And Neal To Guide Students

The Music Department announced the addition to the staff of Nelson and Neal, internationally known duo-piano artists, who this fall make available to piano students their musical and professional guidance.

Their activities will include holding on-campus consultations with and giving critiques of piano students preparing for public performances, conducting a master class for piano students of high school age, directing workshops for piano teachers of the area and presenting concerts.

Nelson and Neal have presented hundreds of concerts on two continents in the past seven years, compiling a record of three times as many for each year as most artists. Fifty percent of their concerts are return engagements.

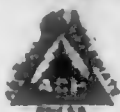

Both artists possess an enviable background of experience and training gained prior to their marriage and subsequent career as a duo-piano team.

A native of Australia, the young Allison gained a reputation as a child prodigy, and among her other achievements gave a highly successful performance of the Mendelssohn D Minor Concerto on a world-wide British Broadcasting Company performance.

Neal studied under capable teachers in America and attended the National Music Camp at Interlochen.

The first appearance in their capacity as faculty artists will be November 12 when they will be featured in concert.

Students' Awareness Needed

Are you concerned or don't you even care?

It is time to think, speak, and act. The basis of our new Student Government is now being made through the proposed By-Laws by different departments of the new system. These will be the rules to guide the student body through the year.

Being the first of such steps, these must be seriously considered by you and me now so we can understand and discuss them. We must be sure these proposed rules are the ones we need for a sound base.

Display interest and concern--which we often are lacking in student affairs--and discuss this with friends and your club or organization senator.

Students Invited To Join

Sincere journalistic aspirations can find an editorial outlet on The Volette. To qualify for newspaper training, you must possess the potential to produce quality news stories and feature articles. A reporter must be accurate and dependable, regardless of the circumstances. Both experienced and non-experienced students with these qualifications are invited by The Volette staff to join the group.

Alumni Homecoming Events Scheduled For October 23

Homecoming activities October 23 will begin with Alumni registration at 9 a.m., according to Lewis Larsen, director of alumni and placement.

Other activities for the morning include the Alumni Executive Committee meeting and the reunion of the Class of '55 which will be held at 10 a.m. with the homecoming parade beginning at 11 a.m. The homecoming luncheon will be held at the Fieldhouse at 11:45 with President Andrew D. Holt as the speaker. The largest number ever to attend the luncheon is expected because of the increase of alumni from 1200 to 3000, Mr. Larsen said.

The homecoming football game will begin at 2 p.m. with The University of Tennessee Martin Branch versus Bradley University of Peoria, Illinois. Immediately after the game, the game, the coffee hour will be held at 4:15.

Military Students Receive Awards

Cadet Colonel Lorry Ruth, Lieutenant Colonels Ira Orr and Samuel Bell, Major Harold Waggener and Captain Ross Via were appointed Distinguished Military Students by Major Milton S. Killen Jr. on October 4, 1965.

The awards were presented at the October 7 Leadership Lab period. Each student received a DMS Badge which identifies him as a cadet who has demonstrated unusual proficiency in military subjects.

The designation (DMS) must also be verified at Reserve Officers Training Corp Summer Camp. Eight out of the 14 cadets attending were designated DMS at camp. The other three, transferred to another university.

Distinguished Military Students are given priority upon application for a Regular Army Commission.

Homecoming events will climax with the Homecoming Dance at 8 p.m.

All alumni and friends are invited to attend, according to Alvin Chapman, president of the UTMB Alumni Association. Reservation for the luncheon are \$1.75, and tickets can be purchased at the door.

SFC E7 M. Jackson Has Re-Enlisted

SFC E7 Milton W. Jackson of The Military Science Department was discharged from the Army on October 13 after having completed his enlistment.

Sgt. Jackson was assigned to this campus in July 1961 as the Military Science Administrative NCO. He has completed 18 years 9 1/2 months active military service and will be eligible to apply for retirement on December 31, 1966. He was inducted into the service on June 18, 1946, at the age of 18 and decided to make the Army his career. Sgt. Jackson re-enlisted for his own vacancy.

He was administered his oath from Major Milton S. Killen, Jr., associate professor of military science.

Panhellenic Rush Entered By Co-eds

Approximately 160 women students have registered to go through Rush Week, Becky Reed, Panhellenic Council vice president, said Monday.

In order to register for rush, the women had to attend the Panhellenic Tea held Sunday.

The four sororities will begin their parties Thursday night and will continue through Sunday afternoon. The sorority apartments are now completed and will enable the sororities to have some of their parties at them.

The four participating sororities are Alpha Delta Pi, Alpha Omicron Pi, Chi Omega and Zeta Tau Alpha.

President Larry Bates Answers Questions Concerning Student Government By-Laws

BY T. A. RHODES

At this time, before the Student Senate is a system of By-Laws concerning the procedure for the passage of legislation in the Student Senate. It is considered that this new form of student government is much too important to be left unnoticed and needs to be called to the attention of the student body. On October 12, Student Government president Larry Bates was interviewed in an effort to bring more of the activities of the Student Government before the student body.

A question and answer session on the subject had the following results.

What is the actual name of the new system of government now in effect?

Mr. Bates explained, "It is the Student Government of The University of Tennessee Martin Branch. Referred to as the Student Government."

What is the purpose of the drive for better student appearance on campus?

Mr. Bates said, "The Cabinet decided it would be appropriate for all the Senators to dress formally, with men wearing coat and tie and women wearing heels at the meeting. This involves only members of the Senate. There is no evidence of such legislation appearing before the Senate involving the campus as a whole."

What is the planned legislation for this session of the Student Senate October 12? How do you think this new business will be accepted?

"All that is planned is the introduction of the new By-Laws. This is a special called meeting called specifically for the consideration of the By-Laws," he explained.

What do you think will be the reception to the new By-Laws?

Mr. Bates said, "I feel that they will be generally accepted, with perhaps a few specific changes on particulars. The idea of By-Laws is essential. There must be some form of procedure to make efficient Senate proceedings possible."

What will be the form of the releases to the student body concerning Student Government business? Will there be some form of Senate Record?

"A monthly Student Government paper will be released by the Secretary of Communications, Pat Drake, that will cover all Student Government business. An accurate record will be kept of all minutes and business by Secretary of Affairs, Lynn Page. This record will be open to inspection by any interested party. Secretary of Communications will make all press releases to The Volette," Mr. Bates replied.

In the proposed By-Laws for the Senate, the legislation will be handled by committees. How will appointments be made and in consideration to what qualifications?

Mr. Bates stated, "The Speaker of the Senate will ap-

point the committee members to fill the positions as stated in the By-Laws if they pass in their present form. Selection will be at the discretion of the Speaker with consideration of experience in the Senate and with student activities within the realm of student government."

What has been worked out as to policy in the judicial department by Jimmy Fuller and Ira Orr?

"Nothing concrete. A slow and gradual process is being followed. Each step will be tried and proven. This must be done to insure the general acceptance by the student body," he answered.

"This entire concept of Student Government is unique com-

pared to most campuses but I believe that due to our rate of growth which exceeds that of any institution in the state, this form will more readily meet our needs in the area of student affairs. A solid plan must be mapped out for the expression of the student voice, before size makes organization impossible. By taking this particular procedure as outlined in the By-Laws, the student can be informed of measures before the student body action is taken. Also by utilizing the system of committees, the Senators are closer to what is proposed and it allows study to insure the true expression of the will of the student body," Mr. Bates said.

Bremer Writes Lab Manual For Chemistry Department

BY FRED A NEAL

GLEN H. BREMER

The chemistry lab manual being used this year by the Chemistry Department was written by Glen H. Bremer, assistant professor of chemistry.

The manual is entitled General Chemistry Problems and Procedures and was published by Wm. C. Brown Book Co. of Dubuque, Iowa.

Mr. Bremer has been working on the text for two years which was written to fit our individual needs. Several lab manuals had been used previously, but the exercises were considered to be too long. It is felt that the students will learn more from more concise lab problems and procedures which are both included in the new manual. The problems are used in the first hour of the chemistry lab. The last two hours will be spent

on the lab procedure, he added.

Mr. Bremer is now working on a supplement to the present manual. It includes a Semi-micro Qualitative Analysis scheme.

At present the manual covers the chemistry III lab and part of chemistry II2. When the supplement is added in the second edition next fall, the manual will cover chemistry III, II2, and III3 labs.

Beal Chosen By Pikes As Pledge Class Head

Wesley Beal has been selected president of Phi Kappa Alpha pledge class.

Other officers are Phil Carr, vice president; Phillip Neal, secretary; Paul Cross, treasurer; Mack Garvin, historian; and Phillip Agee, sergeant-at-arms.

ROTC sponsors and officers presented last Thursday were front row (l. to r.) Shirley Raines, Linda Chandler, Sherry Tate, Judith Pritchett, Cathy Porter, Linda Neese, LeMon LeCornu, Jane Vaughn, Marianne Jones,

Beverly Blanks and Adrienne Adams; back row (l. to r.), Lorry Ruth, Samuel Bell, Ira Orr, Jerry Bussell, Ross Via, Claude Tucker, Robert Stader, Nenion Conley, John Duscoe, Sam Nailling and Edward Beville.

Color System Is Replaced In Intramural Activities

A new system which replaces the color system has been organized in the intramural sport competition, James C. Henson, professor of physical education, announced Tuesday.

Participation in the fifteen activities composed of team sports, individual and dual sports, and mixed events, is open to all students; however, a person holding a varsity letter can not enter the intramurals for the sport in which the letter was won.

Under the new system, students will compete for themselves in the individual and dual sports and will organize their own teams for the team sports, with any group of eight to fourteen members constituting a team. A student may play on different teams, but not on different teams in the same event.

The Physical Education Department is sponsoring three divisions, which consist of division A for Greek organizations, division B for the Independent Students Association, division C for open competition for all students. Members of divisions A and B can also participate in division C and compete for the high-point trophies to be given the male and female freshman, sophomore, junior and senior who end the year with the highest number of

points earned in intramurals. In addition, both the winner and runner-up for high-point will receive a school letter in intramurals.

There will also be medals or trophies for the winners of the various sports in open competition, and team sport trophies for divisions A and B. In addition, trophies will be given to the fraternity and sorority whose members score the most points in Greek competition and become the permanent property of the organization which wins it two years in a row.

Liberal Arts Students Elect Williams Pres.

Rodney Williams was elected president of the Liberal Arts Club at the meeting Monday night.

Other officers elected to serve with Mr. Williams are Carl Newby, vice president; Linda Chandler, secretary-treasurer; Houston Gordon, senator; Jenny Ladd, annual representative, and Joe Smith, parliamentarian.

Charles McPeak Chosen To Lead AGR Pledges

Charles McPeak has been elected president of Alpha Gamma Rho pledge class.

Other officers elected are: Dwayne Beville, vice president; Steve Davis, secretary; Phillip Meek, treasurer; Dennis Caven, chaplain; Bob Page, pledge house manager; David Reed, song leader; and Mack Davis, athletic director.

Gordon Elected Head Of ATO Pledge Class

Huston Gordon has been elected president of Alpha Tau Omega pledge class for this quarter.

George Yarbro will serve as vice president; Bill Burton, secretary-treasurer, and Bill Black, social chairman.

Band Will Be Led By Six Majorettes

Six majorettes will lead the 66 members of the marching band, E.J. Eaton, band director, said Monday.

The majorettes are Janice Vaughn, head majorette, a sophomore in home economics from Paris; Gall Crawley, a freshman in education from Decaturville; Jackie Fuller, a freshman in pre-nursing from Nashville; Linda Jo Jessup, a freshman in home economics from Union City; Blanche O'Bannon, a freshman in home economics from Union City, and Charlotte Robbins, a sophomore in elementary education from Memphis.

Richard Downey, a freshman in pre-pharmacy from Nashville, has been chosen drum major.

The first full performance of the marching band will be Saturday at Murray, Kentucky, when The University of Tennessee Martin Branch football team will meet Murray State College.

ROTC Sponsors Presented During First Field Drill

The Reserve Officer Training Corps presented the sponsors for the ROTC brigade October 7 at the first field drill of the year.

The officers and sponsors are as follows: Cadet Colonel Larry Ruth, a senior, is commander of the brigade and Honorary Colonel Shirley Raines, a junior, is brigade sponsor.

First Battalion is lead by Cadet Lieutenant Colonel Samuel Bell, a senior, and the sponsor is Honorary Lieutenant Colonel Linda Chandler, a sophomore.

Second Battalion is lead by Cadet Lieutenant Colonel Ira Orr, a senior, and the sponsor is Honorary Lieutenant Colonel Sherry Tate, a sophomore.

Cadet Captain Jerry Bussell, a junior, will lead the Grenadiers and Honorary Captain Judith Pritchett, sophomore, will sponsor them.

Company leaders and sponsors are as follows: Company

A-Cadet Captain Ross Via, a senior, and Honorary Captain Cathy Porter, a sophomore; Company B-Cadet Captain Claude Tucker, a senior, and Honorary Captain Linda Neese, a sophomore;

Company C-Cadet Captain Robert Stader, a junior, and Honorary Captain Frances LeCornu, a sophomore;

Company D-Cadet Captain Nenion Conley, a junior, and Honorary Captain Jane Vaughn, a sophomore;

Company E-Cadet Captain John Duscoe, a sophomore, and Honorary Captain Marianne Jones, a sophomore;

Company F-Cadet Captain Sam Nailling, a senior, and Honorary Captain Beverly Blanks, a sophomore;

And Company G-Cadet Captain Edward Beville, a junior, and Honorary Captain Adrienne Adams, a sophomore.

GOOD TASTE...
an Art or
a Science?

Being dressed in good taste calls for a little of both. It's an art since it calls for the ability to blend and match colors to create an overall harmonious effect. It is also a science because it calls for scientific management of your clothes budget, to make sure you get the most for your money in suits, shirts, casual wear, socks, ties and accessories.

It calls for careful attention to the style that looks best on you, and for selection of the fashions that fit the 1965 look.

Always in Good Taste

■ A member of the rifle team practices for the match Saturday.

Vols Meet Thoroughbreds Saturday Night In Murray

Saturday night the Volunteers will invade Murray State College seeking their first victory of the season.

The winless Vols should be in top shape for the blue and gold Thoroughbreds by virtue of an open date this past weekend.

Last Saturday Murray State finally posted a victory by close 13-12 margin over the Ohio Valley Conference opponent Morehead making the Thoroughbreds 1-2-1 for the year.

Murray State, fast becoming the Vol's arch rival, has 21 lettermen returning to the squad which soundly beat the Vols last year 32-14.

Saturday night's game could turn into quite a passing contest. Both teams have fine passes and have relied a great deal on this passing attack. So far, Murray State's field general Charlie Forrest has over 330

yards in passing while Vol quarterback Sandy Smith has thrown for 466 yards in three games.

In addition to Charlie Forrest, the Vol defense will have to cope with the passing of reserve quarterback Toby Thomason and the running of halfbacks Terry Croom and Tom Ciannini.

With the exceptions of Julian Numamaker at defensive tackle and Roy Cook and Sam Palazolo at linebackers, the Orangemen will be starting the same men as started against Delta State.

Pep Rally Sponsored By Student Government

A Pep Rally will be sponsored by the Student Government tomorrow at 5:30 p.m. on the north side of the Men's Dormitory, Larry Bates, Student Government president, said Tuesday.

It is hoped, he added, this will encourage more students to go to the ballgame at Murray State Saturday.

Rifle Team Match Scheduled Saturday Against Murray

The rifle team will participate in an NRA Invitational Shoulder to Shoulder Match at Murray, Kentucky Saturday, according to Sergeant Billy J. Stout, professor of Military Science.

There will be approximately twelve colleges and universities participating in the match.

Returning members of the rifle team are Larry Wilson, Joe Cothran, John Young, Gerald White, Joan Aldridge, Gail Hatcher.

There are seventy or more freshmen trying out for the team. Ten have been selected who show the most promising record to be tentatively added to the team, but there are no cutoffs. As long as they continue to return for practice, any interested person is welcome.

There are four additional girls trying out who show good prospects.

There are four rifle teams: Varsity, Girls, ROTC, and Freshmen. There may be up to ten members on a team and a person may be on more than one team. Upperclass boys are eligible for the Varsity team and ROTC team. Freshmen girls are eligible for the girl's team, freshman team, and Varsity team. Upperclass girls may join the girl's team and the varsity team.

"Our prospects seem to be very good and the results will begin to show around the first of November," Sgt. Stout concluded.

Football Dormitory Receives New TV

Jimmy Wright, owner of Jimmy's on the Campus and Jimmy's No. 2 Recreation Centers, and one of the Vols supporters, recently donated a new television to the football dormitory.

The television will enable the football players to relax before home games without leaving the dorm in order to find a television, Bill Benson, sports information director, said.

Members of the team unanimously voiced a grateful "Thanks" to Jimmy in appreciation for the new set, he added.

Women Students Are Now Eligible To Enter Table Tennis Tournament

Women students are eligible to enter the table tennis single tournament by posting their name on the sign-up sheet before noon Saturday in the Women's Physical Education Building.

Tournament pairings will be posted October 19, and play will begin the following week, Miss Bettye Giles, assistant profes-

sor of physical education, said. The tournament will be single elimination. All first round matches shall consist of one-21 point game. The following round matches will consist of two out of three-21 point games.

Medals will be presented to the tournament winners and runner-up, she added.

As It Looks From Here

BY BILL BENSON

"Beat Murray" signs and posters are all over the campus, and there is a very good chance the Vols may do just that Saturday night.

So far, neither the Thoroughbreds nor the Vols have very impressive records, but that does not mean they are not fine ball clubs. The Vols are fast developing one of the finest passing attacks in UTMB history while Murray State, on the other hand, has one of the most experienced quarterbacks the Vols will face, Charlie Forrest.

Statistically, the Thoroughbreds hold an edge over UTMB, but in the game Saturday night the record book can be thrown away. The UTMB-Murray State contest has developed into an arch rivalry. Excluding last year's Murray State rout only 23 points have separated the two teams in three games.

Breaks could be a determining factor Saturday. If the Vols can take advantage of any breaks which present themselves, they will be hard to stop. Likewise, the Orangemen will have to hold their mistakes to a minimum.

Another important factor this weekend will be student support, because of the close proximity of Murray. This will be the first game since school has started that the student body will have an opportunity to see, and it could make a big difference. A full and noisy UTMB cheering section will give an added incentive to the Vols.

Let's give the signs and posters some meaning and help the Vols "Beat Murray."
